20.11.2023

A – SCHOLARSHIPS TO SUPPORT THE PUBLISHING ACTIVITIES OF PH.D. AND MASTER'S STUDENTS

The list of publications of M.Sc. and Ph.D. students is compiled as of September 30 of the given year, the check is carried out by supervisors. The scholarship to support publication activity is awarded to students who publish a publication within 12 months of graduation at the latest and at the same time the publication was published or accepted for publication during the first 5 years of Ph.D. studies (including the 10th semester of study) or 2 years of M.Sc. study (including the 4th semester). If any of the authors of the publication is not an employee of the Department of Chemistry at the same time, the share of the publication is reduced to a half of the calculated value. If any of the authors of the publication is not an employee of the Department of Chemistry, and the student has an external supervisor (AV ČR), the scholarship will not be awarded.

B – SCHOLARSHIPS TO SUPPORT THE ACTIVE PARTICIPATION OF PH.D. AND MASTER'S STUDENTS AT CONFERENCES

The proposal for awarding a scholarship to support the active participation of DSP and master's students in the conference is submitted by the student's supervisor by March 1 of the given year.

C – SCHOLARSHIPS TO SUPPORT ANOTHER TYPE OF MOBILITY OF PH.D. AND MASTER'S STUDENTS

The proposal for awarding a scholarship to support another type of mobility of **Ph.D.** and master's students is submitted by the student's supervisor by March 1 of the given year.

There is no legal entitlement to the scholarship. The Department of Chemistry reserves the right to amend the rules.
